Dear Dr. Fleishman,

I am pleased to inform you that the family of Mrs. Cynthia Zervas, wife of Dr. Frank Zervas, has generously donated, in her honor, \$5000 to the Zervas School. We would like to use this donation to purchase classroom kits focused on building students' skills in STEM. Through this generous donation, the "Cynthia Zervas STEM Center" would be established and would be accessible to all classroom teachers and specialists to use throughout the year, for many years to come.

This donation will be made via check made out to The City of Newton and deposited into the Ed Center/Superintendent Gifts account. This donation complies with the Newton Public Schools Gifts, Grants, Bequests and Fundraising policy.

Please present this donation to the School Committee for their approval during the February 11, 2019 School Committee meeting.

Sincerely,

Diana Beck
